Let's Connect & Learn!

Attend the Session that Best Meets Your Schedule

Advancing Opportunities, Inc. has been providing disability services in New Jersey since 1950. We consider ourselves members of the disability community and are completely vested in creating a society that welcomes and values all members.

This August the agency will be hosting three regional **Family Forums** to help forge stronger connections with the individuals and families we serve. During the forums we would like to: update you on what's happening within the agency; discuss the changes in New Jersey's service delivery system; and hear your concerns and ideas.
